Lynn and LI,  
I've created the documents we intend to send to Agency and interagency reviewers (hopefully I have this correct).  
Included is:

(1) redline of the sections that were impacted by the RI data (you may want to come up with a better, more descriptive file name). This is a compare to the 1-27-2010 IASC draft.

-- note, per Lynn's email below, I also included Sections 6.2.3, 6.2.4, and a new reference (Section 7). The letter will need to be revised to indicate that this text is also being provided. (or these sections should be deleted from the file that goes to IAR and AR)

## Deliberative Process / Ex. 5

(2) Current Tox Review (clean) with today's date.

(3) Lynn -- I did not attach the 2010 NTP memo (Malarkey) 'cause I don't have it, and it doesn't appear that John Bucher included it with his email. Do we need to include it?

Do you need anything else right now? I think that's it from me.

thanks,  
Sue

I read through the rest of the ADAF section and have no comments.[attachment "Acrylonitrile\_External Review Draft\_5-25-11\_compare to 5-14-10 draft\_LF.docx" deleted by Susan Rieth/DC/USEPA/US]

I do have some questions for you all---
